Greg-

I will try to gather and copy the "complete file" today, which should not be a problem unless I have to go to court this morning (I'm on call for 2 cases). I haven't looked the number up yet, but I could possibly fax you the packet (as long as it isn't too many pages) later today or get it in the mail (possibly today, but most likely tomorrow morning). If this is a problem, just let me know.

Sonja - in the above # drug analysis ([REDACTED] the court ordered that we hand over your "complete file" in terms of the testing for these 2 items (i.e. any graphs, analysis reports, etc...) Can you e-mail/send me this information? How long do you think will take to get to me? Thank you for your assistance.
